## Let's Talk College for Girls—Yes?

By Arthur Dean, Sc. D.

I have often wondered if a college education is throwing away time and money if a girl is to marry soon after graduation. Let's listen to Miss Seventeen.

"Dear Arthur Dean: Mother wants me to go to college. Father says there is no sense in a girl going to college if she is bound to get married. He at least pays me the compliment of thinking that I am attractive enough that someone will want me for life. But he says, 'No use of wasting my money on your college education. You have ability enough without going to college and beaux enough so that you won't have to seek them elsewhere. My advice is to get married and live happily ever after.'

"But mother thinks a college education is a good thing to have because a girl might marry a college man, and she ought to know as much as he does. Besides, she says, 'It is worth while to have a background of literature, history, economics, psychology and science, because it makes life more understandable and more interesting.'

"Understand, please, that I like my father and my mother very much, and to show you how we feel toward each other, I want you to know that my father and mother, as well as myself, want your answer.

"Girl of Seventeen."  
Answer: I am not one of those

**HE SAYS 'YES!'**  
Although college isn't the only place where an education may be gained, Dr. Dean's answer is an emphatic "Yes!" . . . And then he considers the common occurrence of the boy or girl "who reads everything he or she can get his or her hands on."

people who believe that only the girls who go to college are "educated" or that the only desirable sweethearts and husbands are college-bred.

**Very Handy Indeed**  
I believe that you could, but with effort, obtain outside of college walls as much, if not more, "education" than you could get if you went to college.

There are interesting and stimulating books, people, recreations, and entertainments which you could contact without spending time and money in college.

There are education fools, and there are a lot of bright people who never walked across a college campus. A girl who is cheerful and bright, who knows how to get the most out of her dollar, and who gives the most of herself to others, can make just as good a wife as any Bachelor of Arts girl.

Going to college has absolutely nothing at all to do with the

question of a girl's getting married. No education which amounts to anything is ever lost or thrown away. A college education will be very handy indeed for the girl who later intends to join a local woman's club, or when she sits down with her husband at the breakfast table, or when she joins in intellectual sympathy with the mental interests of her children.

You ask for my decision? Go to college.

**Reads Everything**  
"Our boy of 13, an honor roll scholar, reads every book he can get his hands on, and everything in the newspapers. Do we need to worry about this?"

**"A Father,"**  
ANSWER—I should worry about a boy or girl who deliberately read nothing but sensational and risqué stuff. But I should not worry about a boy who read everything that came along. A cross-section of life from attic to cellar is not half bad; in fact, it may be a rather good idea.

The Arthur Dean Service has been established for the express purpose of answering personal letters from Dr. Dean's readers concerning their problems. Address him care of this newspaper, P. O. Box 150, Times Square Station, New York, N. Y., and enclose a stamped (3-cent) self-addressed envelope. (Revised by The Bell Syndicate, Inc.)

**BILL JANSS TAKES A TURN** . . . Bill Janss, captain of the Stanford University ski team, Co-ed a difficult turn at Yosemite National Park while Co-ed Margaret Davies watches. Janss leads his team to Sun Valley, Idaho, for Jeffers Trophy competition.

### Nearly 5,000,000 Gallons of Gas Burned Daily by California Motorists During '39

SACRAMENTO, Cal. — California motorists burned almost 5,000,000 gallons of gasoline every day during the year, 1939, to set a new record for the use of motor vehicle fuel, the State Board of Equalization reported today.

The actual consumption of gasoline for the 12 month period amounted to 1,810,768,366 gallons, or 4,961,009 gallons each day, board records revealed. This represents a gain of 5.27 percent over the previous year which, up to the time of the present report, was the highest in the history of the state.

The tax for last year amounted to a total of \$54,323,050.98, levied on the basis of three cents per taxable gallon and used for highway purposes throughout the state. The 1938 income from the source amounted to \$51,601,430.04, or \$2,721,620.94 less than for 1939.

### Two Death Valley Roads Open Again

### FIRST CHURCH OF CHRIST, SCIENTIST

1208 El Prado. Sunday morning services at 11. Sunday school, 9:30 Wednesday evening meeting, 8 p. m. Reading room in church edifice.

These words of Paul to the Romans, "The love of God is shed abroad in our hearts by the Holy Ghost which is given unto us," constitute the Golden Text in the Lesson-Sermon on "Love" on Sunday in all Churches of Christ, Scientist.

Among the Bible citations are these words about Jesus from John: "Now a certain man was sick, named Lazarus, of Bethany. . . Therefore his sisters sent unto him, saying, Lord, behold, he whom thou lovest is sick. . . Then when Jesus came, he found that he had lain in the grave four days already. . . And some of them said, Could not this man, which opened the eyes of the blind, have caused that even this man should not have died? . . . And Jesus lifted up his eyes, and said, Father, I thank thee that thou hast heard me. . . And when he thus had spoken, he cried with a loud voice, Lazarus, come forth, and he that was dead came forth, bound hand and foot with grave-clothes. . . Jesus saith unto them, Loose him, and let him go. . . Passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the statements: "It is not well to imagine that Jesus demonstrated the divine power to heal only for a select number or for a limited period of time, since to all mankind and in every hour, divine Love supplies all good. . . It is indeed adequate to unclasp the hold and to destroy disease, sin, and death."

## A&P Food Stores

### "Surplus Foods" Sale!

Here's how A&P cooperates with the "Government Food Stamp Plan" and "Surplus Commodities Campaign" to help every family in Los Angeles County! No matter what your financial status, you belong to one of two groups that benefit:

- GOOD BUYS FOR EVERYONE** who believes in sensible economies and in helping American farmers reduce surplus crops. When surpluses are wiped out, farmers have more money to spend on city goods, city business picks up, and city folks have jobs. Your A&P STORE is preparing to make this a gala saving event with scores of EXTRA SPECIAL VALUES, as well as pointing out the "Surplus Commodities" as designated by the U. S. Government.
- FREE FOOD FOR THE NEEDY**, more food for all pocket books! All persons who are eligible to receive ORANGE and BLUE STAMPS as outlined by the Government, please note: YOUR A&P GROCER IS HAPPY TO ACCEPT THESE STAMPS IN PLACE OF CASH and you'll be treated with every courtesy. This means that eligible families will receive THREE DOLLARS worth of food for TWO DOLLARS!
